

SIMPLE RITES AT MILFORD

Arrangements Completed For Funeral of Governor Tomorrow

STATE OFFICIALS TO ATTEND

GOV. ASKS PEOPLE TO QUIT WORK DURING FUNERAL

Obsequies at Milford Tomorrow Afternoon—Honorary Pall-Bearers and Incidents.

Milford, June 20.—From an upper window at Promont, Mrs. Pattison watched the people come and go from the house of death. All day employees were busy looping back bending boughs of pine and hemlock with twine, so the people might find easy access to the house. No one outside the immediate family circle has seen Mrs. Pattison since the governor's death, not even the family pastor, being permitted to talk with the stricken mistress of Promont. Arrangements are not as yet completed for the funeral. The general belief is that the services will be as simple as possible.

Cincinnati, O., June 20.—With simple rites the remains of Governor John M. Pattison will Thursday afternoon be laid to rest near his home in Milford. His own wishes and those of his family were for a quiet service at home. The funeral will be conducted by Bishop Earl Cranston of Washington, D. C.; Bishop Henry Spelmeyer of Cincinnati and Rev. M. LeSourd of Milford. The first regiment, O. N. G., of Cincinnati, will form an escort of honor, and eight privates will carry the casket. The services will be held at the late home of Governor Pattison, Promont, at 2 o'clock Thursday afternoon. The services will be simple, according to the ritual of the Methodist Episcopal church. There will be no services by the Masonic fraternity, Grand Army of the Republic, nor any of the other societies with which the governor was affiliated. The Masons and G. A. R. will be represented in the list of honorary pallbearers.

As a fitting tribute to their late chief executive, a cessation from all work in the state during the hours of the funeral was recommended in the first proclamation of Governor Harris. In the course of this proclamation he says: "The people of Ohio have been greatly bereaved by the death of their governor, John M. Pattison. It is appropriate that a people so afflicted, while bowing in humble submission to the dispensation of Providence, should show their sense of loss by some general recognition of the public value and private worth of him who has been taken from them. Governor Pattison served his country in war and in peace. He was a man of high ideals and of singular fidelity to all public trusts, and his memory deserves the sincere tribute of all his fellow citizens. I therefore proclaim to the people of Ohio the duty of cessation from their usual avocations and closing their several places of business during the hours from 2 until 4 o'clock Thursday afternoon, while the funeral services are in progress, in appropriate observance thereof."

Physician's Statement.
During the five months of Governor Pattison's illness there was great uncertainty as to the nature of his trouble, and a statement just issued by Dr. Oliver, Holt and Belt, who attended him, is of much interest. In the course of their statement they say: "The illness of the late Governor Pattison was essentially due to overwork. Although but 59 years of age, he showed the effects of stress and strain which ordinarily accompany a life of 'three score years and ten.' His symptoms were first apparent in damage wrought in his blood vessels. His arteries appeared in the blood vessels of men farther advanced in years. His kidneys also indicated that he had lived more years physiologically than had actually elapsed since his birth. The deficient elimination through these organs led to an attack of uraemia, which very nearly proved fatal, before he left Columbus for Christ hospital. During a period of six or seven weeks Governor Pattison exhibited a marked improvement. We were all much encouraged and hoped for a prolonged period of freedom from uraemic poisoning, but after a rapid improvement of some weeks there ensued a period of insidious approach of threatening symptoms, and he gradually but surely approached the end of his life. Governor Pattison's mind was clear and his intellect unclouded except a short period when the uraemic symptoms were most active."

FAMILY THREATENED BY KIDNAPERS AND THREATENING NOTE.

Take Appropriate Action on the Death of Governor Pattison.

Columbus, O., June 20.—Lieutenant Governor Andrew L. Harris, who assumed the duties of the office of governor on his arrival here, declined to be drawn into a discussion of Sunday laws, saying that was a matter that came under the head of policies. He said: "I have requested Secretary Houck and the clerks in this office to remain for the present, and they have kindly agreed to do so." The political change wrought by the hand of death came so suddenly as to catch some of the officeholders unaware, but was not too sudden to keep others from acting in anything but good faith. At the state-house applications for jobs under Governor Harris were received from Republican applicants who must have mailed their hurried requests within an hour or so of the death of Pattison. In the brief time Governor Harris was at the capitol he permitted himself to perform only one official act, the issuing of a proclamation of the death of his predecessor, and it is his intention not to exercise further functions of the office unless an imperative emergency should present itself until after the obsequies, which will be the last honor paid to the deceased chief executive.

The state officials met to take appropriate action on the death of Governor Pattison. It was decided to attend the funeral of the late governor, which will be held at Milford Thursday afternoon at 2 o'clock. A special train will be run from Columbus to convey the state's representatives. Committees were appointed to draft resolutions and have charge of preparations for the funeral, and it was decided to close the statehouse all day Thursday. The following were named as honorary pallbearers: Judge John A. Stauck, State Secretary L. C. Laylin, State Auditor Gilbert, Insurance Commissioner Vorys, Mayor Dempsey of Cincinnati, Mayor Johnson of Cleveland, Mayor Whitlock of Toledo, Senator Williams, H. C. Garber, Speaker Thompson, J. W. Faulkner, representing the press; J. E. Hefler, clerk of Springfield and Rev. Lucien Flank, pastor King Avenue Methodist church at Columbus, who was chaplain of Governor Pattison's regiment. The special train carrying the state officials to the funeral will leave over the Pennsylvania at 9 o'clock Thursday morning. Governor Harris will be one of the party.

Secretary Houck related his experiences with Governor Pattison in recent weeks. Mr. Houck said: "He kept saying that he would get well. I have so many things to attend to when I get to Columbus, senator," he said to me many times as he lay on his sick bed. "I can't carry out all the things that have been promised, of course I can't; but I want to do the best I can; that's all any man can do, is it not, senator?" But I want to go to work just as soon as I'm on my feet again. Just as soon as I get well I am going to do the very best I can for the people of Ohio."

While Governor Harris will retain Governor Pattison's official family for the time being, he is expected to name a secretary before long. Among those mentioned for this place are former Oil Inspector John R. Malloy, Judge Charles C. Lemert of Kenton, who was executive clerk under Herrick, and Randolph W. Walton of Columbus, who was commission clerk under Herrick.

GOVERNOR HARRIS WILL KEEP HOUSE AT EATON OHIO

Eaton, O., June 20.—Governor Harris was back in his farming clothes at 4 o'clock this morning. Half an hour later he was on his way to his farm six miles from town. Mrs. Harris explained the work is the building of a new barn. "Mr. Harris likes to get up early and hear the birds sing," and the pleasant little woman, "and when he gets up so early I must too, to get his breakfast. Mr. Harris was pretty tired when he came home last night from Columbus. He said he realized that there is work to be done in this governor's office. A resignation is waiting for his signature now." She said she did not expect to move to Columbus for two months. Her son and his wife will visit them in August and she desires that the visit shall be in Eaton, rather than in Columbus.

LOCK CANAL IS FAVORED

Careful Poll is Taken in United States Senate Today

HOUSE ALREADY PUT ITSELF ON RECORD FOR LOCK PLAN

So Vote In Senate Thursday Expected to Settle This Important Question.

(By Mr.)
Washington, June 20.—The advocates of a lock canal at Panama have won their fight in the Senate. A careful poll shows that 16 senators will vote against the lock plan when the bill comes up tomorrow, and will substitute therefor a declaration favoring the canal.

This means a majority of either three or five in the half of the less extensive and more quickly constructed Pacific oceanic canal. As the House has already placed itself on record for the lock plan, the Senate vote tomorrow will settle the question. The result is a signal victory for the administration.

TUESDAY AFTERNOON.

The cross-examination of Rosa Bevard was continued by Mr. Fitzgibbon at 3 o'clock Tuesday afternoon.

"Mother and Levi were on fairly good terms; Levi got a license in Kentucky; she objected to me marrying Levi; and said if I wanted to marry Levi I could, and as I made my bed I would have to lie in it; I think he got a license to marry in Licking county but we could not get married in Ohio because we were related to each other; Levi and I came home from a dance one night; I opened the west window; Levi got on the east porch and after I got in I went to the east door and opened it; there was only a thumb latch on the window; he did not help me to climb in the window; after our marriage Levi and my mother manifested good feeling between each other; mamma always liked Levi and he was always ready to make up with her; mother was stubborn and would not make up with him; mother raised a rumpus with me the night I came home from the dance, because I did not get home at the time she had told me, 11 o'clock; mamma picked up a piece of stove wood and was going to whip me; Levi said, 'No, no, aunt, that won't do'; he was in no further threatening toward her; I made no condition to testify before the coroner; I was on my road to my mother's funeral; I think I went to bed between 9 and 10 o'clock the night of the murder of my mother; the next morning Levi got up first, I called to Steve during the night that I heard a noise in the barn; he got up and went back to bed; Levi was in bed with me; Steve came in some time after and asked for some liniment as the mare was sick; think he was gone two or three days."

ONE JAP IS HAPPY, ANOTHER IS SAD

Columbus, June 20.—Depressed in mind and spirit and broken-hearted at the loss of his sweetheart, Miss Fay Clay, 14-year-old daughter of Mr. and Mrs. Webb Clayton, residing at Milton and Lafayette streets, who married Toké Watanabi, a Japanese young man employed at the Kilburne Jacobs company, and a former student at Denison University, Granville, Louis Ogota, a fellow Jap, left the home of the Claytons where he has been boarding for over a year, and said that some one would come after his goods soon.

For the first time since the marriage the whereabouts of the girl became known, when she returned to the home of her mother. The mother of the runaway welcomed her with open arms.

Colonel Kilbourne called at the home of the Claytons and told Mrs. Clayton that she should not worry about the fate of her daughter, now that it was over, and that Watanabi was a fine young man, bound to rise in the world.

Mr. and Mrs. Watanabi will live at the Clayton home.

A duel with pistols was fought in Brooklyn between a diminutive Italian and a giant longshoreman of the same nationality, in which the latter was almost instantly killed. The slayer escaped.

Binn, formerly a lieutenant in the United States army, stationed at Fort Davis, committed suicide by jumping overboard from the steamer Ohio while the vessel was en route from Nome to Seattle. Binn was brought south for treatment for brain trouble.

POLICE ARE SURE WOMAN CAN TELL

WANT TO ADMINISTER "THIRD DEGREE" TO AGED MRS. STENTON.

Evidence of Crime and Preparation for Crime Found in the Residence of the Woman.

New York, June 20.—It is now the positive belief of the police that aged Mrs. Stenton knows absolutely who struck the blow which killed her daughter, Mrs. Alice Kinnon, and the detectives who are working on the case have determined upon a plan to extract the needed information which will lead to the arrest of the murderer from the unwilling woman. She is to be subjected to the police "third degree."

HEAVY FIRING IS HEARD TODAY

London, June 20.—The Exchange Telegraph Company's correspondent at St. Petersburg, today wires that heavy firing is in progress at Cronstadt. Sailors are assembling in the streets and a meeting is in progress. No one is allowed to visit the city, and the police are taking stringent precautions to prevent disorders. A special World Telegram from Budapest says the governor made a speech to the police before the massacre broke out in which he said, "Do your duty according to your oath as you have done it hitherto." The Jewish shops are all closed in that city as a sign of mourning.

James D. Munn

YOU CAN EASILY SPARE

YOU WON'T MISS IT
THINK OF THE PAY

The Munn residence at
Overbrook

Philadelphia, June 20.—As telegraphed the Advocate yesterday John Joseph Kean, kidnaper of Freddie Munn, was convicted and sentenced to the penitentiary for 20 years. The boy was the seven year old son of Jeweler Chas. Munn. He was kidnapped at school and was discovered in a vacant house. Kean, who is the father of three children, was taken at the point of a pistol. His excuse was he needed money.

Samuel P. Huhn, who received a letter threatening that unless he deposited \$5,000 on a bridge his son would be stolen gave out a statement of how he carried out his part of the compact today.

"It was plain to me after I had read this note," said Mr. Huhn, "that it was written by somebody who knew something about our family and my habits. The letter and the road map which accompanied it, although written and drawn with evident attempt to appear the work of an uneducated man, to my mind is the work of an educated person, who knew just what he was doing."

"I was not frightened at all at first and day ever since. I have not received their report, but I am inclined to think that the writer of the letter must have detected the presence of the watchers, for I understand that no effort has yet been made to secure the package I left."

"I was beginning to think that the whole affair was a joke of some kind when on Tuesday came the report that the little Munn had been kidnapped from his school by a man who brought a note. At the time the warning reached me I recalled that both my boys, Jack and George, were in the Haverford grammar school, from which they might have been excused by a note that seemed to come from me."

"Two officers had preceded me to the spot and were concealed there. They have watched the place night

COLLEGE PRESIDENT FIRES HOT SHOT AT SOME OF THE KINGS OF FINANCE

Worcester, Mass., June 20.—In an address at the commencement exercises of Clark University, President Hyde of Bowdoin college today, said: "It is of infinitely more consequence how a rich man makes his money than how he spends it. The man who makes his money by unjust discriminations, bribed legislation, promotion of unsound enterprises, manufacture and sale of deleterious or fraudulent wares, misuse of positions of trust and then gives large sums to education or religion or charity is a man whose evil influence exceeds the good influence in the proportion of ten thousand to one."

"Unless business is so administered as to afford remunerative employment, unless conditions under which men work are reasonably healthful and the product genuine and wholesome, presidents and managers, the directors and stockholders, so far as they are responsible for the absence of these conditions are to be ranked in this 20th century as no better than pillaging thieves and red handed murderers. These have manipulated the insurance funds, pockets of unwholesome meat, the canisters of delirious and poisonous medicinal compounds already been branded."

LEVI BEVARD

(Continued from Page 1.)

three minutes, maybe five minutes; told him where the liniment was; he then went away and returned to the house; my father-in-law had been up two or three times during the night; Levi helped him up; he got up two or three times after this; I think Steve got up while I was preparing breakfast; the baby was sick from teething; I dozed but did not sleep soundly, as I had to attend to the baby; Levi did not waken from the baby.

"Eva Wertz brought a letter down and said it was for Stephen from Mr. Hoover; she said that grandma had got a note from the bank and that her name (Mrs. Wertz) was on the note with Stephen's; I gave the letter to Stephen; he did not tell me what was in the letter; I was mistaken when I testified before the coroner that I had gotten up and built a fire; that morning I asked Eva if she knew who did it, and she said she only saw his arm and shoulder; might have testified before the coroner that she said he wore dark clothing and a light shirt, as I didn't have sense enough then to know whether or not I was living."

Re-direct by Mr. B. G. Smythe: "The dance at Foster's was probably several weeks before our marriage."

"Mother gave me \$100, asking me to get a certificate of deposit; Eva was in the kitchen and we were upstairs; when I came down stairs Eva said to mamma, 'You certainly wouldn't give that money to her'; mamma answered and said, 'Well, I wouldn't give it to you, I wouldn't trust you with a dozen of eggs to sell for me, as you will take a cent from me every chance you get.'"

"I tried to get Mrs. Powell to go with me to my mother's, to take the certificate of deposit; Mrs. Powell said she could not go as she had to care for her baby; this was on Decoration Day; 'Levi was working on that day and couldn't go with me.'"

Re-cross-examined by Mr. Fitzgibbon: "I didn't have the certificate on Decoration Day but could have gotten it; remember once telling Wesley Wright when he asked me to sign my mother's name that I would have to get authority from my mother."

LEVI BEVARD.

Examined by Mr. B. G. Smythe: "Am 29 years old; was born in Iowa; left there in August, 1903; came to Ohio with father and Steve; will come earlier; first worked at Wehrle's; afterwards went to work for Mrs. Wertz; she was my aunt; we called her aunt 'Daisy'; went to work there because uncle Jim, that's her husband, had left home; just before this I lived with father, Steve and Bill in a cabin three-fourths of a mile from the Wertz home; when I was there I did the chores; heard Mr. Shaw wanted a hand and went to see him; he did not but directed me to see William Hall; made an engagement to meet Mr. Hall, and on February 28, 1904, I went to work for Mr. Hall; about the 18th or 19th of March I went on the Hall place with my wife; on Decoration Day I was at home; on May 31 it rained in the forenoon; it was too wet to plow corn; in the afternoon Mr. Hall and I were building a fence; about four o'clock I told Mr. Hall that I had some business with John Baird in Newark and would like to get off early; we got into the wagon and drove to Mr. Hall's barn; I unhitched the team, fed them and unharnessed the horses while they ate; I then went and hitched up the mare to a buggy, came to Newark and met my brother on Eleventh street; went to Baird's barn; unhitched and was at Baird's probably half an hour; then hitched up and started home; saw Baird again on the Granville road; got home about 7 o'clock I should judge; unhitched and fed the mare; went into the house, washed and got ready for supper; after supper went to pasture, got the cow and brought her to the barn; I went then to the house, took the baby to the barn and my wife milked the cow; we then went to cellar and strained the milk; then went on the porch and played with the baby for a while; Steve got up and washed his feet and went to bed; father wanted to go to bed and I undressed him and put him to bed; I generally performed this service for him; put him in a trundle bed; was up four or five times during the night to assist father; don't know the time with reference to midnight; was not away from the house that night after coming home from Newark; was not in Sodom or McKean township that night; had nothing to do with the beating or killing of my aunt."

"I got up on Thursday morning at the request of my wife as the fuel was damp; after starting the fire I went back to bed; this was about 5 o'clock; got up again about 6, the usual time; ate breakfast and then went to work plowing potatoes; about 10 o'clock that morning my wife and Cora Powell came to me while I was plowing; my wife told me there had been a murder committed in the hills and that it was news about that it was her mother; I said, 'My God, that can't be so'; I unhitched and had a telephone message sent to Vanatta; received the answer that Mrs. Wertz had been murdered; I then went down to the porch and told Rosa that

her mother had been killed; she broke down; I hitched up and helped my wife to get ready; we got in the buggy and drove to Mrs. Wertz's home; did not stop at Emory Williams; saw Mrs. Sumerville close to the house and asked her if she had seen Eva, Kate Hankinson and Eury went to Judson Wright's; from there we drove down to the Wertz home; Eva, Katie Hankinson and Eury Hoover came up to the buggy; my wife asked Eva if she knew who had killed Mrs. Wertz; Eva replied, 'No, indeed I don't'; my wife then fainting and I lifted her out of the buggy and laid her on the grass; began rubbing her wrist and held my hat over her face to keep the sun out of her face; we were there probably 15 minutes; put her in the buggy, and some gentleman handed me the baby and we drove back to Wesley Wright's; my wife was recovering; I went and got a drink of water; Wesley was sympathizing with Rosa; we then started back to the Wertz house; did not leave my wife after she fainted."

"Eva Werts did not say at any time, I don't think who it was, but I know it was you."

"I never said to her that if she told it was a tall man I would kill her; did not own a derby hat at that time; before this I bought a soft hat at Bloomberg's and threw away my derby."

"Chief Sheridan, Dr. Legge and some others came to my house on Friday; they searched the premises and examined my clothing."

Cross-examined by Mr. Fitzgibbon: "I had no feeling against my aunt; I testified before the coroner that had a 'malice' against my aunt because you asked me the question; I did not know what the word meant; I believe she had a grudge against me; she wouldn't speak to me; think our marriage was the cause of her ill feeling; never went about my aunt's house after the marriage; heard the neighbors talk about her, feeling against me; would go there and let my wife out and then drive on; the dog would come to the buggy and bark until my wife got out; seldom if ever spoke to the dog."

WEDNESDAY MORNING.

At 8:30 o'clock the defendant, Levi Bevard, again took the stand, and after a ruling by Judge Seward on a legal point, Mr. T. B. Fulton proceeded with the cross-examination.

"Was married in Covington, Ky.; took out a license in Newark the day before, but could not be married in Newark because we were cousins; no minister or magistrate refused to marry us because I never went to any; kept the license I got here until I came back from Kentucky and then returned it as unused; Rosa came to town on Monday and stayed with her aunt; on Wednesday I got the license; we then went to Columbus, from there to Springfield, and from there to Cincinnati on the Big Four; we were not in Covington more than half an hour; got back to Newark that night and stayed at the Doty House; got up next morning and ate breakfast at Kuster's; walked out to Mr. Hall's, got a wagon, came back to Newark and took Rosa out to Mr. Hall; don't know of my own knowledge of any opposition of Aunt Dice to my marriage with Rosa; when I left there Mrs. Wertz felt as kindly toward me as she ever did; her ill-feeling toward me began after our marriage; never used any abusive language toward Mrs. Wertz on the night of Foster's dance when she threatened to whip Rosa; don't remember telling Wesley Wright that I did; I had no ill-feeling toward the old lady; never went into her house after marriage; the old lady was very quarrelsome; no one could get along with her; I was there about a month or six weeks; stayed there at night and took my meals there; saw quarreled with her daughter nearly every day; she did not quarrel with me; quarreled with Rosa on account of the way her work was done; her daughter was on the run all the time; didn't hear Mrs. Wertz tell Rosa to get home from Foster's dance at 11 o'clock or any other particular time; when we came home we went up to the east porch; Rosa pounded on the door and called for mamma; she went around to the west window, climbed in the kitchen and let me in, the east door."

"I was at home the Monday before my aunt's death; Eva was there about dinner time; she said she had a letter for Stephen from Aunt Dicey; she handed it to me and I put it on the window sill; she did not say it was the window sill; that Stephen had forged Mrs. Wertz's name and that the letter was concerning the matter."

"Remember when Rosa got the \$100; Rosa gave it to me in the road in front of the house; the money was in bills; she didn't say at that time that the \$100 was in the pocket book; Rosa told me on the road home that her mother wanted the money deposited and get a certificate."

"Never heard Eva say to my wife that grandma was worrying about the certificate; never heard my wife tell Eva that she had the certificate and would bring it up on Saturday night; don't remember so testifying before the coroner."

"A week or two before Mrs. Wertz's death we had spent \$30 out of the \$100; we spent it to pay debts; we were together when the money was spent; we borrowed \$30 from Mr. Fulton, and put the \$100 in the bank; we

gave Mr. Fulton a note for the \$30; I signed my name, but did not see my wife sign her's; was not with my wife when she took the money to the bank; she deposited the \$100 the Monday after my aunt's death; didn't see my wife sign her mother's name; Rosa told me she had done so."

"Didn't see Jud Wright the day after my aunt was killed; had no conversation with him about bloodhounds; don't remember asking anyone whether he thought bloodhounds could trail a man."

"The defense attempted to show by Dr. Hornby that Eva Wertz was a degenerate, but were not allowed to do so by the court; the defense showed by the record that they had subpoenaed Drs. Shlirer, Anderson and others to prove her moral idiosyncrasy."

EDWARD YOUNG.

"Eva Wertz's reputation for truth and veracity is not good."

Cross-examined: "Am related to both Bevards and the Werts."

IRA WARRINGTON.

"Can't say that I know Eva's reputation in the community for truth and veracity; heard a few talk."

JOHN BAIRD.

By Mr. B. G. Smythe: "I have lived in Newark 25 years; in May, 1905, was engaged in horse-shoeing on North Fourth street; also kept a stock horse; saw Levi Bevard and his brother the night before Mrs. Wertz was killed; he was at my barn; had a mare with him; she was unhitched taken into the barn and then hitched up again and Levi drove away."

Cross-examined by Mr. Fitzgibbon: "I drove out to John Thomas' on the Granville road, about 7 o'clock that evening; he is a close neighbor of William Hall's."

Before calling witnesses in rebuttal the Prosecutor said he wished to recall William Hall and Stephen Bevard for further cross-examination.

WILLIAM HALL.

"Levi was at work earlier than usual, I think, on the morning of Mrs. Wertz's death."

STEPHEN BEVARD.

"No one went to the barn with me when I took the liniment and drenched the mare; didn't have much trouble in doing it."

No re-direct examination.

Undertaker George F. Bowers was called by the defense and was examined by P. B. Smythe: "When I took charge of Mrs. Wertz's body, I noticed a pitch-fork there, the tines being tight against the wall of the stairway; the fork was in the road; I might have gotten blood on the handle, after having handled the body."

Nothing new in cross-examination.

The defense rested after Mr. Bowers' testimony at 10:15, and rebuttal evidence began with the examination of Florence Wertz, a sister of Eva Wertz.

"Live at George Hankinson's; have lived there for 11 years; was at my grandmother's house the day she was killed; was with Eva in the yard; went up to the buggy where Levi and Rosa were; left the buggy before Rosa fainted; I heard of her fainting; left Eury Hoover and Kate Hankinson and Eva and I went to our buggy; Eva got out and went toward the barn."

MRS. JOSEPH HANKINSON.

Live three-fourths of a mile east of the Wertz home; never told Eury Hoover that Eva Wertz could not be believed; Eva's reputation for truth is good; am not related to either the Wertz or Bevard family."

J. W. WRIGHT SR.

By Mr. Fitzgibbon: "Live in McKean township; know Eva since she was 5 years old; never heard anything against her reputation for truth."

By B. G. Smythe: "Never talked against Eva or Aunt Dice; had not talked to Aunt Dice for three years; never quarreled with her about a line fence; am nearly 77 years old."

MRS. REBECCA HOLLIS.

By Mr. Fitzgibbon: "Live two miles from Wertz home; Eva's reputation for truth is good."

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

THE GRIM REAPER

WILLIAM H. HUNTER.

Judge S. M. Hunter received a telegram from Chillicothe, O., notifying him of the death of his brother, William H. Hunter, editor of the News-Advertiser of that city, which occurred about midnight on Tuesday. The operation was performed on Monday afternoon, but the patient failed to rally and died about midnight Tuesday night. The funeral services will be held from his late home in Chillicothe on Friday.

The deceased is survived by his widow and two sons, Philip and William, and by three brothers, Rev. Dr. C. J. Hunter of Uhrichsville, Judge S. M. Hunter of Newark, and George Hunter of Chillicothe, and by one sister, Mrs. A. J. Hammond of Cadiz.

The deceased was a son of the late J. R. Hunter and was born in Cadiz, O., in 1850. At one time he was a half-owner of the Steubenville Gazette. About ten years ago, however, he sold his interest in that paper and moved to Chillicothe, where with his brother George they became the owners of the Chillicothe Advertiser, of which paper the deceased was the editor. He was vice president of the National Scotch-Irish Association, and was also at the head of the Biographical department of the State Historical Society of Ohio, and master of arts from Marietta college. He was a gentleman of marked ability, great intelligence and one of the finest Democratic editors in Ohio.

INDIANA 'CABIN RAISING'

Home In a Forest Built on Primitive Lines.

A FEW FARMERS DID THE WORK

Others Languished About Offering Good Advice—The Cabin at Buzzard's Roost, in Marion county, Ind., Will Be Presented to Indianapolis and Preserved For Future Generations to See How Pioneers Lived.

There was a "cabin raising" at Buzzard's Roost the other afternoon—the first in Marion county, Ind., it is thought, for the last twenty-five or thirty years, says the Indianapolis News. It was of the old fashioned sort all through, with four or five men doing nearly all the work and about twenty men lounging about on convenient piles of lumber and logs and offering good advice.

The manner in which the cabin was "raised" was not the only interesting feature connected with it. On Easter day of 1897 William Watson Woolen of Indianapolis was wandering along Fall creek between Millersville and what is now the Benjamin Harrison army post when he "discovered" Buzzard's Roost. It was simply an unnamed tract of forty-four acres of wilderness, and its primitive state appealed to Mr. Woolen's love of nature in the rough. He determined to be the owner of that forty-four acres, and in a few months he was. When he "discovered" the tract a man told him of the number of turkey buzzards that were in the habit of roosting in a big tree on the land, and therefore Mr. Woolen gave to it its present name.

He bought the land that a bit of primitive Indiana might be preserved to the future generations, and the log cabin is a part of this scheme. The city of Indianapolis is to receive the tract of land and the cabin some day without charge, according to Mr. Woolen's plans, when he no longer is here to enjoy it. "When fifty or more years have passed," he explains, "there will be at least one place in this state where people can go and see the way their forefathers lived in primitive Indiana—see not only the tangle of forest and the old log cabin, but also some of Indiana's native birds."

It is probable that Mr. Woolen will spend his last years in the cabin when he is ready to retire from active life. He is never so happy as when near to nature and when surrounded by his friends, the birds. He has planted more than 800 cherry trees in the rich bottom lands, along with many berry bushes, and in this way the place will be self supporting, before it is turned over to the city. The rest of the land will be left in its present primitive state.

But to revert to the "cabin raising" and the raisers. For several weeks the work preliminary to a recent Saturday's event had been going on. Trees had been cut here and there out of Buzzard's Roost forest in such manner that their loss would not be noticed, and these logs had been dragged to the top of the hill, where there was a small clearing in the thicket. There they had been heaved roughly into shape. Meanwhile a big basement of cement blocks had been built. Then the cabin had been built up about three logs high by men hired for the work.

And then the invitations were sent out by word of mouth to all of the farmers in the neighborhood to attend the "cabin raising." These accommodating neighbors began to arrive early in the morning, and about the time that the ordinary dweller in the city was turning over in his bed for his "beauty sleep" the ax and the adze were sounding from the clearing, and chips were flying in all directions.

Four or six heavy farmers would slip two or three heavy poles under a log, pick it up and carry it to the top. There they would heave it to the top of the log wall by main strength, and two men on top would trim the ends of the log so that it would lie firmly in place at each corner of the cabin. Only a few men could be employed at a time, so the others lounged about, chatting, offering good advice or sharp-seeing their jacksaws on the big grindstone. By the time that Mr. Woolen had arrived the work was well under way, and he was asked, with a friendly grin, if he had come to lay the cornerstone. He replied that he was not needed, for the men were doing as though raising the cabin had been an everyday business for him.

MEMORIAL SERVICE.

At 7:30 o'clock tonight a meeting will be held in the office of the clerk of the court in the court house for the purpose of arranging the time and place for holding memorial services for the late Governor, John M. Pattison.

MAURICE H. DONAHUE.

Hon. Maurice H. Donahue of Perry county, who was renominated for Circuit Judge at the Democratic judicial convention here Tuesday afternoon, is in every way worthy of the honor that was conferred upon him. Judge Donahue was nominated by acclamation, this action being nothing less than an endorsement of his course upon the Circuit bench.

Well versed in the law, highly educated and with ripe experience as a practitioner, Judge Donahue has a strong personality, a splendid record as a citizen and a character above reproach. Dignified, yet ever courteous, Judge Donahue has a wide personal following and his friends throughout the district will be gratified over the action of the convention in renominating him. Judge Donahue deserves the re-election that awaits him.

THE LONGEST DAY.

June 20 is the longest day of the year. The sun rises at 4:34 o'clock and sets at 7:28, so the day is 15 hours and 56 minutes long. For the past six months the days have been gradually lengthening, and the shadows shortening; but now they will go the other way. Commenting upon the season, the State Journal makes the following observations:

We can hardly say this is the longest day, except theoretically. It is the summer solstice, which means that the sun is standing still, and for two or three days before and after, the day seems the same. The sun has just got to that point where it seems to stop and visit awhile. It has reached the Twins and likes their company.

After resting there awhile he will turn southward. His mission is accomplished. He came north to awaken the earth to its duty to the flowers and fruits and summer girls and nieces in the woods, and going a-fishing, and all those things that bring a deep meaning into life. Now he has done all this and he is going south.

Of course, his parting will not be sudden. It will be like the lovers' farewell on the portico—it will linger on. Weeks and weeks he will keep up his bawling of the year—through July and August, till the orchards redden and the nutshells harden. Then he will go down among the summer stars, beyond the equator and give way to the frosts and snows and icy chills.

The solstitial points mark the swing of the great pendulum of the year that brings us strawberries and

backwheat cakes, soda water and fried oysters, moonlight strolls and sleighrides, political campaigns and religious revivals and all the glorious variety of life that that lifts the heart out of the monotony and melancholy and puts into the month, every day, a new song of gladness.

BIG RAILWAY DEAL IS NOW ON

Cincinnati, June 20.—Judson Harmon, receiver of the Cincinnati, Hamilton and Dayton railway, in New York today reports the biggest deal in the history of railroading is being framed, the sale of the C. H. and D. to the Chesapeake and Ohio.

If the negotiations now under way are materialized, the C. H. and D. becomes one of the largest coal carrying roads in the country. The plans also contemplate the sale of the Pere Marquette to the Erie. Another report has it that the Chicago, Cincinnati and Louisville railroad financed by the C. H. and D. will be turned over to the Queen and Crescent. All plans are being made with a view to untangling the C. H. & D. receivership knot.

WITH REBELS

Mapumulo, Natal, June 20.—Rebels attacked a convoy of five wagons, but the convoy got away, though pursued for two miles. A force of 60 men which was sent out from Mapumulo to protect the wagons encountered 500 rebels, who were arranging an ambush. An engagement ensued lasting an hour and a half, during which the rebels thrice determinedly charged the Natal force. The rebels ultimately fled, leaving 60 of their number dead.

PASS TILLMAN BILL

The President Should Say Four Words to Speaker Cannon Says New York World.

(New York World)

Mr. Roosevelt found time this week to tell the correspondents that he favored the amendment appropriating \$25,000 to pay his traveling expenses, but he has not said a word in support of the Tillman bill to prohibit contributions of corporation money to national campaign funds.

His silence is inexplicable. Mr. Roosevelt must certainly favor this bill, which the Senate has already passed. Two of the ablest Republicans in Congress helped frame it—Senator Knox and Senator Foraker. It is modeled after the admirable act drafted for the state of New York by Charles E. Hughes and Senator Armstrong, passed by a Republican Legislature and signed by a Republican Governor. Even if Mr. Roosevelt were disposed to take a strictly partisan view of the Tillman bill, he would find that its antecedents were irrefragable. Moreover, it is the first response of either branch of Congress to that excellent recommendation made by Mr. Roosevelt in his last annual message to Congress: "All contributions by corporations to any political committee or for any political purpose should be forbidden by law."

In spite of reports that the Republican organization is embarrassed for lack of campaign funds this year Mr. Roosevelt cannot afford to let this bill be smothered in a House committee room. Nobody should regret more keenly than he the scandals in which the Republican organization was involved by the insurance revelations. If his party loses the fall elections one of the largest factors in its defeat will be popular disgust with a system by which money belonging to policy holders was turned over to Republican campaign committees.

The Tillman bill, if passed by the House and signed by the President, will end the whole sorry business of "fat-fryers." It will destroy further attempts on the part of great corporations to buy privilege and immunity through national or congressional committees. It will be impossible in future campaigns for a candidate for President to charge that the Chairman of the opposition party's National Committee was "shaking down" corporations and have these charges largely confirmed by a subsequent legislative investigation. There will be no more "moral obligations," as Platt emphatically calls them.

Since his annual message to Congress Mr. Roosevelt has not had a word to say about prohibiting corporation contributions to campaign funds, but the issue is now presented before him in concrete form, and he can back up his words with deeds. Four words from him will be sufficient. He has only to say to Speaker Cannon and the House of Representatives, "Pass the Tillman bill," and it will be passed.

Negro socialists, if they desire, may adopt and use the emblem of any secret organization which excludes them from membership, according to a decision rendered by the justices of the court of special session at New York.

BIG CELEBRATION OF JULY FOURTH

NEWARK ELKS COMMITTEES IN CHARGE OF THE EVENT THAT DAY.

Every Cent of Proceeds Will Go to Charity, So Help the Good Work Along.

The announcement in Tuesday's paper that the Newark Elks and the King's Daughters have joined in arranging for a mammoth Fourth of July celebration was received with much pleasure, by many who had feared that Newark was to have no celebration of the nation's birthday this year.

The fact that two such organizations as the Elks and King's Daughters are behind the proposition means success with a capital S.

The event is for the sole benefit of The King's Daughter, who will use the money for charity. All the proceeds go to The King's Daughters, while the Elks will furnish the attractions without money and without price. The Elks get nothing for their work save credit for doing a good thing.

The following is program of the events:

Running race for girls.
Hop race for girls.

Many other contests that will be interesting.

Idlewild park management has donated the use of the baseball park for this big event.

Merchandise and cash prizes will be given to all winners and a list of the prizes will be advertised and put on display later.

The Elks received word today from Zanesville that the Elks' lodge of that city will send its crack ball team up to play here on July 4, and will send along a crowd of "rooters" to teach the Newark fellows the game. They say their team is much stronger than it was a year ago when Newark was defeated.

The Newark Elks' baseball team has done much good work in the practice games so far, but will get down to hard work next week. They are bound to win.

The Newark lodge will entertain all visiting Elks at their club rooms in the evening with a social session and smoker, and all who attend will be royally entertained. Visiting Elks are expected from Zanesville, Cam-

bridge, Columbus, Nelsonville and Mt. Vernon.

RATE MEASURE HELD BACK

Conferees Will Not Report It Until Last Week of Session.

TO AVOID USELESS DEBATE

Pipe Line, Commodity and Injunction Amendments All Giving Trouble. Meat Inspection Amendment Adopted by House and Sent to Conference. Proceedings of Congress.

Washington, June 20.—From present indications, the conferees on the railroad rate regulation bill will not report an agreement until some time next week, which in all probability will be the last of the session. The purpose of withholding their report, it is said, is to avoid a repetition of the long debate in the senate which followed the recent report of the conferees. This debate resulted in sending the bill back to conference.

Conversations conferees have had with various members of the senate and house indicate that there are only three amendments that are giving trouble. These are the pipe-line amendment which makes pipe lines common carriers, the commodity amendment, and that which requires that the interstate commerce commission shall be given five days' notice before hearings are granted upon applications for injunctions setting aside orders of the commission. The controversy over the pipe-line amendment can be disposed of by the change in the commodity amendment. The change suggested would provide that railroads instead of "common carriers" shall not engage in carrying commodities which they produce. Another objection to this amendment is its application to lumber. Strong protests have been filed with the conferees showing that if this amendment is adopted it will ruin a number of small roads which were built for the sole purpose of getting lumber to trunk lines.

A new argument has been advanced against the amendment requiring that five days' notice be given of hearings for injunctions. Labor organizations have demanded that a bill be passed which would require that they be given five days' notice of injunctions to restrain them from engaging in strikes. This is a political argument which has given much concern, and the house conferees during recent sessions have insisted that this amendment be eliminated for the reason that it would establish a precedent for similar legislation in the interests of labor.

The house unanimously adopted the substitute amendment for the amendment to the agricultural appropriation bill relating to meat inspection, the objectionable feature of the former amendment being eliminated and the amendment perfected to meet the wishes of the president. An effort was made to extend the time of debate, but Mr. Wadsworth, chairman of the committee on agriculture, desiring to get the bill into conference as soon as possible, objected to the granting of additional time, although nearly an hour was consumed in the explanation and debate upon the measure. After the adoption of the amendment the bill was sent to conference, the conferees being Mr. Wadsworth, Mr. Scott of Kansas and Mr. Lamb of Virginia.

Immediately after the disposition of the agricultural appropriation bill, bills under suspension of the rules were passed. Among the more important were the bills in relations to immunity of witnesses in government cases, and to establish the standard of value and to provide for a coinage system in the Philippines.

(Special to the Advocate.)

Akron, O., June 20.—Hits by Wratten and Schweitzer won for Newark in the tenth yesterday. Wratten singled and Schweitzer doubled. Al's drive was a grounder, toward East that took a bad shot and went to center field.

The game was one of the hardest of the season. Akron's loss was largely due to umpire Franklin, the pony umpire. Franklin gave the visitors one run, calling Wratten safe at the plate in the second and took one from Akron by calling East out at second in the eighth. East was bound for big number two on a drive by Nallin. Locke put the ball to Davis. East had the throw beat, the bugs thought but Franklin said nay. A long wrangling match followed.

Wratten was the star with three hits and three runs. All of Wratten's scores were by daring base running. Twice he just beat, throws to the plate. His first run was the one that looked as though he was out.

Mathy opened the second with a double. A fumble by Locke of a ball of Schwartz gave Akron two on the corners. Strood singled, Mathy scoring. Schwartz came home on a drive to Havel by Ehlman. Callahan and Strood attempted the squeeze, Callahan bunting. He popped up to Danny Davis, and Danny, retracing his steps, caught Strood before he could retreat to third.

Newark scored in the third on an error by Butler on a drive by Locke, and singles by Wratten, Snyder and Schweitzer.

The visitors forged ahead in the eighth. Wratten opened the round with a single. He was moved up by Snyder. Drake singled and Wratten came in.

Akron tied the score in the last of the eighth. East drew the first and only pass. "Cap" was retired at second on a drive by Nallin to Locke. East's retirement was the disputed put out Mathy singled and Schwartz got to first on an error by Wratten. Nallin scored on a drive by Strood that was fielded to the plate but not quite fast enough. The bases were still full. Ehlman hit to Locke who threw Mathy out at the plate. Winters completed a battery by throwing to first.

SCROFULA AN INHERITED MISFORTUNE

Every one has a hereditary right to a pure blood supply, which insures a strong, healthy body; but how many do we see who have inherited that greatest of all misfortunes, Scrofula, and are struggling under a legacy of disease and suffering? Scrofula is a constitutional trouble handed down from parent to child, a curse from generation to generation as long as the scrofulous matter is allowed to remain in the family blood. As the very foundation of the blood is diseased we see this awful affliction manifested in many ways, such as enlarged glands or tumors about the neck, which often burst and become discharging ulcers, weak eyes, chronic Catarrh of the head, skin diseases, etc. This blighting disease being so firmly entrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, while a pallid, waxey appearance of the skin, loss of strength, and often lung affections show that the disease is entirely destroying the rich, nutritive qualities of the blood. There is but one way to cure Scrofula and that is to purify the blood and rid it of the germs of disease, and for this purpose nothing equals S. S. S. Its purifying and building-up properties make it the ideal remedy for Scrofula. S. S. S. searches out and destroys all poisons and germs, gives strength, richness and vigor to the weak, polluted blood and cures Scrofula permanently. S. S. S. is a purely vegetable medicine, made from roots, herbs and barks and may be taken with absolute safety by young or old. It so thoroughly removes the poison from the blood that no signs of it are ever seen again and posterity is blessed with a pure blood supply. Book on the blood and any medical advice desired without charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

COUNT WITTE

On the Jewish and Other Problems in the Czar's Domain.

Vichy, France, June 20.—Count Witte, the former premier of Russia, came here for a rest and to take the cure, his health being somewhat impaired by the hard work and worry of the premiership. It is generally known that Witte is favorable to the progressive development of Russian institutions, while maintaining order. Therefore he can not approve of the action of the lower house of parliament, which, according to the count, is doing its utmost to develop into a revolutionary body. It is also known that Witte is personally favorable to the Hebrews and their desires, as contained in the memorandum presented to him at Portsmouth by the committee of prominent American Jews, but he strongly condemns the attitude which Jews are assuming in Russia in placing themselves at the head of the revolutionary movement against the advice of their own enlightened leaders, thus making it impossible for their non-Jewish friends to assist them. Witte thinks the Russian Jews who are acting in this manner are blind, for if they are defeated they will be more oppressed than before, whereas if successful the remainder of the population, which is more anti-Semitic than in other countries, will oblige them to fly the country.

Judge Paynter Resigns.

Frankfort, Ky., June 20.—Appellate Court Judge T. H. Paynter, selected by the general assembly last winter as the successor of United States Senator Blackburn, filed his resignation with Governor Beckham to take effect Aug. 1 next. It was accepted. Circuit Judge John M. Lassing of Boone county is slated as the successor of Judge Paynter on the bench of the court of appeals. An election will be held at the general election this fall to fill the office, and Judge Lassing will be without opposition for the Democratic nomination. The district has been represented by Judge Paynter on the bench since 1895.

One of the remarkable incidents of the great fire in San Francisco was the immunity from damage of an old wooden shack owned by a paint company, at the corner of Main and Harrison streets. The ramshackle, half-century old building stands unharmed, a little island in a sea of desolation. It reeks with oil and is filled with highly inflammable materials. Near to it a great pile of coal caught fire and burned for nearly a week.

Pale? Thin? How is it with the children these days? Have they plenty of grit, courage, strength? Or are they thin, pale, delicate? This reminds you of Ayer's Sarsaparilla. It does great things for children. It gives them a good appetite, improves their digestion, builds up their general health. Ask your doctor if he endorses this.

The pupils who have been promoted from lower to higher grades and the Boxwell graduates, acquitted themselves well and convinced all present that the instruction imparted to them during the past year had been of a kind that enabled them to appear on the platform imbued with that self-confidence which comes by thorough and systematic training and thorough comprehension of the subject treated. THE NURSING MOTHER

She Needs Food Especially—A Pure Food Easily Digested.

The Results of What She Eats Are Show in Her Offspring.

We often meet youngsters whose pimply or blotchy skins tell a story of improper nourishment—of greasy foods, vegetables not properly cooked, and poor bread.

These conditions exist because enough care is not taken in the selection of diet by the nursing mother.

Only those foods that can meet all the requirements of both mother and child should be eaten, and the simpler they are the better.

Hardyfood is the ideal food for both mother and child at all times.

It is a brain, nerve, bone and muscle builder, easily digested, and its wastes are rapidly eliminated from the system.

It is the best food for children at any age, especially the growing and school age.

It is pleasing to the taste, and eaten with milk or fruits will sustain the person indefinitely without other nourishment.

It is all ready to eat from the package, but can be cooked again or prepared in many ways.

Hardyfood is an economical food, for a 10-cent package contains enough for 10 to 15 meals, a cost of less than a cent a meal.

If you have never eaten Hardyfood you have a food lesson to learn. Put it on your table at once.

All grocers—10 cents.

HURTS FOREIGNERS.

Measure of Japs to Gain Manchurian and Korean Trade.

Victoria, B. C., June 20.—The steamship, Empress of China brought advice of measures adopted by the Japanese to gain the Manchurian and Korean trade which will handicap foreign merchants, if not prevent them, from competing with Japanese exporters in Manchuria and Korea. The program includes the making of Daini a free port in the sense that import duty will be remitted on Japanese goods for Manchuria, by means of bounties and subsidies Japan will encourage its merchants to flood Korea and Manchuria with all kinds of goods at the lowest prices, all prices at which the foreigner can hardly hope to compete, especially after the new customs tariff comes into effect next October.

FOUND SECRET CLOSET.

New York, June 20.—A secret closet containing two daggers and a scret room filled with silverware, clothing and bric-a-brac were the latest and most startling discoveries made by the police in the old Stanton homestead, where Mrs. Alice Kinman was clubbed to death on June 8. The secret apartment containing a chest of silver and a miscellaneous assortment of clothing is directly behind a room that was occupied by Mrs. Kinman. The only opening is a door made to resemble a false window, which was covered by a bureau. The plate found by the searchers is said to be worth about \$1,000. No arrest has yet been made by the officers who are investigating Mrs. Kinman's death.

Sir Wilfred Lawson is said to be rejoiced over the fact that 150 of the new members of the British House of Commons are total abstainers.

Upon the opening of court Thursday morning a request was made by the state that Judge Seward's charge to the jury be in writing, which request was granted.

INSTRUCTIONS TO JURY.

Upon the request of the defendant's attorneys Judge Seward gave the following instructions to the jury Thursday before the arguments were made by the lawyers:

"Gentlemen of the Jury: The jury is not required to be satisfied beyond reasonable doubt that the testimony to the alibi is true, but if that testimony creates a reasonable uncertainty in the minds of the jury that the time when Frances Wertz was killed it is the duty of the jury to acquit him.

"If the jury are not entirely satisfied that there is no other reasonable theory or hypothesis as to how Francis Wertz came to death, other than at she was killed by the defendant, it is the duty of the jury to return a verdict of 'not guilty.'

"The jury must be convinced entirely by the testimony and by no other influence that the defendant, and no other person, struck the blow which caused the death of Mrs. Wertz, and if they are not so

Today's Games. Newark at Akron. Zanesville at Youngstown. Mansfield at New Castle. Lancaster at Sharon.

(Special to the Advocate.)

'Akron, O., June 20.—Hits by Wratten and Schweitzer won for Newark in the tenth yesterday. Wratten singled and Schweitzer doubled. All's drive was a grounder, toward East that took a bad shot and went to center field.

The game was one of the baddest of the season. Akron's loss was largely due to Umpire Franklin, the pony umpire. Franklin gave the visitors one run, calling Wratten safe at the plate in the second and took one from Akron by calling East out at second in the eighth. East was bound for big number two on a drive by Nallin. Locke put the ball to Davis. East had the throw beat, the bugs thought but Franklin said nay. A long wrangling match followed.

Wratten was the star with three hits and three runs. All of Wratt's scores were by daring base running. Twice he just beat, throws to the plate. His first run was the one that looked as though he was out.

Mathay opened the second with a double. A fumble by Locke of a bunt of Schwartz gave Akron two on the corners. Strood singled, Mathay scoring. Schwartz came home on a drive to Havel by Ehman. Callahan and Strood attempted the squeeze, Callahan bunting. He popped up to Danny Davis, and Danny, retracing his steps, caught Strood before he could retreat to third.

Newark scored in the third on an error by Butler on a drive by Locke, and singles by Wratten, Snyder and Schweitzer.

The visitors forged ahead in the eighth. Wratten opened the round with a single. He was moved up by Snyder. Drake singled and Wratt came in.

Akron tied the score in the last of the eighth. East drew the first and only pass. "Cap" was retired at second and drive by Nallin to Locke. East's retirement was the disputed put out. Mathay singled and Schwartz got to first on an error by Wratten. Nallin scored on a drive by Strood that was fielded to the plate but not quite fast enough. The bases were still full. Ehman hit to Locke who threw Mathay out at the plate. Winters completed a telescope by throwing to first.

Danny Davis' fielding was the feature for Newark in the fielding line. Ehman with eight assists, starred for 'Akron. Score: ab. h. po. a. e. CAUSE A STIR.

Peruvian Troops Invade Territory Claimed by Ecuador.

Guayaquil, Ecuador, June 20.—It was announced that Peruvian troops had invaded a portion of the eastern region of Ecuador, title to which was recently submitted to the arbitration of King Alfonso of Spain. The news caused a meeting of protest to be held at Quito, the capital, and later a crowd of people gathered in front of the Chilean and Brazilian legations and made demonstrations in sympathy with Chile and Brazil. The police intercepted a crowd which was on the way to the Peruvian legation, thus preventing a hostile demonstration.

Fire at Evansville, Ind., destroyed the plant of the Keller Printing company; loss \$60,000. The fire was started by a gasoline explosion.

Pale? Thin?

How is it with the children these days? Have they plenty of grit, courage, strength? Or are they thin, pale, delicate? This reminds you of Ayer's Sarsaparilla. It does great things for children. It gives them a good appetite, improves their digestion, builds up their general health. Ask your doctor if he endorses this.

The pupils who have been promoted from lower to higher grades and the Boxwell graduates, acquitted themselves well and convinced all present that the instruction imparted to them during the past year had been of a kind that enabled them to appear on the platform imbued with that self-confidence which comes by thorough and systematic training and thorough comprehension of the subject treated.

THE NURSING MOTHER.

She Needs Food Especially Adapted to Herself and Baby—A Pure Food Easily Digested.

The Results of What She Eats Are Show in Her Offspring.

We often meet youngsters whose pimply or blotchy skins tell a story of improper nourishment—of greasy foods, vegetables not properly cooked, and poor bread.

These conditions exist because enough care is not taken in the selection of diet by the nursing mother.

Only those foods that can meet all the requirements of both mother and child should be eaten, and the simpler they are the better.

Hardyfood is the ideal food for both mother and child at all times.

It is a brain, nerve, bone and muscle builder, easily digested, and its wastes are rapidly eliminated from the system.

It is the best food for children at any age, especially the growing and school age.

It is pleasing to the taste, and eaten with milk or fruits will sustain the person indefinitely without other nourishment.

It is all ready to eat from the package, but can be cooked again or prepared in many ways.

Hardyfood is an economical food, as a 10-cent package contains enough for 10 to 15 meals, a cost of less than a cent a meal.

If you have never eaten Hardyfood you have a food lesson to learn. Put it on your table at once.

All grocers—10 cents.

HURTS FOREIGNERS.

Measure of Japs to Gain Manchurian and Korean Trade.

Victoria, B. C., June 20.—The steamship Empress of China brought advices of measures adopted by the Japanese to gain the Manchurian and Korean trade which will handicap foreign merchants, if not prevent them, from competing with Japanese exporters in Manchuria and Korea. The program includes the making of Dalny a free port in the sense that import duty will be remitted on Japanese goods for Manchuria, though collected on foreign goods. By means of bounties and subsidies Japan will encourage its merchants to flood Korea and Manchuria with all kinds of goods at the lowest prices, prices at which the foreigner can hardly hope to compete, especially after the new customs tariff comes into effect next October.

Found Secret Closet.

New York, June 20.—A secret closet containing two daggers and a secret room filled with silverware, clothing and bric-a-brac were the latest and most startling discoveries made by the police in the old Stanton homestead, where Mrs. Alice Kinman was clubbed to death on June 8. The secret apartment containing a chest of silver and a miscellaneous assortment of clothing is directly behind a room that was occupied by Mrs. Kinman. The only opening is a door made to resemble a false window, which was covered by a bureau. The plate found by the searchers is said to be worth about \$1,000. No arrest has yet been made by the officers who are investigating Mrs. Kinman's death.

Sir Wilfred Lawson is said to be rejoiced over the fact that 150 of the new members of the British House of Commons are total abstainers.

ANSWER FILED BY DEFENDANT

IN CASE AGAINST THE AMERICAN
LIGHT AND WATER
COMPANY.

Trustee Clayton Files Answer in the
Lippincott Case—Divorce Grant-
ed—Court House News.

In the case of Frank A. Bolton, city
solicitor, vs. The American Light and
Water company, the defendant, The
American Light and Water company,
has filed its answer and says: All mat-
ters and things done in respect to
the building of a water works system
by the City of Newark, as stated in
the petition, have been fully passed
upon and adjudicated in the case of
Charles Vadakin vs. Andrew J. Crilly
and others.

That the Board of Public Service of
Newark, O., in 1905 adopted plans and
specifications for a complete water
works system, with a filtration plant
reservoir and about 50 miles of pipe
for distributing water to the city; al-
so pumping station and all things
complete.

That the plans and specifications
were approved by the State Board of
Health.

That it having been ascertained by
the Board of Public Service of New-
ark that the amount appropriated,
\$300,000, was not sufficient to com-
plete the building of the water-works
system, determined to build out a
part thereof with the money so ap-
propriated by the City Council, and
in the judgment of the board they
deemed it for the best interest of the
city to prepare plans and specifica-
tions for a part of the general sys-
tem, which part comprised a pumping
station, intake, well, and about 27 to
30 miles of pipe, to distribute water
with all things complete to build such
part of the system as would furnish
fire protection to the city and water
to the people of the city for the pur-
poses other than domestic consump-
tion.

That the building of the part of the
system proposed for this purpose was
a wise and prudent purpose, for the
best interests of the city.

Defendant says it has contracted
and expended about \$20,000 upon the
contract before January 1, 1906, and
work and material to that amount
have been furnished and performed
upon the contract.

That the State Board of Health had
approved the general plans and spec-
ifications, and approved the amended
plans and specifications so far as they
had any authority to approve them.
That the order of the board at-
tached to the petition of January 22,
1906, was made without authority of
law, and after the labor and material
had been furnished and performed.

That the Board of Health is exceed-
ing its powers, that only when the
water is prepared to be introduced
for public supply does the law require
the source of the supply to be ap-
proved by the State Board of Health,
and this defendant's contract has no
provision for public supply by the con-
tract to be done, or performed by the
defendant.

That plaintiff is estopped from set-
ting upon the matters stated in the
petition, the Solicitor knew as such
Solicitor the terms of the contract
and plans and specifications as an
officer of the city, and permitted the
defendant without objection, to per-
form said labor and furnish said
material upon the contract without
objection. Defendant therefore asks

accept the scale agreed upon at Col-
umbus. A district meeting will be
held at Wheeling to ratify the scale
which is 5.68 per cent increase on
the day and mining scales of 1904-05.
Union miners are all notified to go
to work. Secretary Rankin today
said: "We are satisfied. The union
won one of the greatest strikes with
little violence. The scale agreed upon
is what we demanded."

All the guards and strike breakers
at Plum Run and Bradley left today
under protection.

Columbus, June 20—President
Green of the Ohio mine workers, is-
sued an official order this morning
requesting all miners in the state to
go to work at once, in accordance
with the scale agreement signed on
Tuesday.

Gloster, O., June 20—The news
of the settlement of the miners'
strike was received here with great
joy. The drivers and other day hands have been
ordered to the mines and will com-
mence work immediately cleaning up.
The railroad men are being rushed
getting empty cars ready for work.

Columbus, O., June 20—As the re-
sult of the agreement reached here
between John H. Winder, representing
the Ohio operators, and the state ex-
ecutive board of the United Mine
Workers, 35,000 striking miners in
Ohio, idle since April 1, are enabled to
go to work. Until March 31, 1903,
the miners will receive the wage scale
of 1903, for which they have been hold-
ing out. They may make some con-
cessions in the way of local conditions.
The miners will go to work as soon as
the mines are ready to be worked, and
by next Monday morning it is expected
that nearly all the men will be on duty.
The "local" conditions, which have
been the bone of contention for some
weeks, will be adjusted at district con-
ferences between miners and opera-
tors, the dates for which were an-
nounced as follows: District No. 1,
Hocking Valley, Monday, June 25; No.
2, Jackson, Wednesday, June 27; No.
3, Massillon, Wednesday, June 27; No.
4, Sallenville division, Friday, June 29;
Bergholz division, Monday, July 2;
No. 5, Eastern Ohio, Wednesday, June
27; No. 6, Cambridge, Tuesday,
June 26.

It was mutually agreed that, pend-
ing the outcome of the subdistrict con-
ferences, the miners shall go to work
under the local conditions which were
in effect up to the time of the strike.
Both miners and operators anticipate
no difficulty in adjusting the local con-
ditions at the subdistrict conventions.
Dead work will be the main point at
issue in the Eastern Ohio and Massil-
lon districts, and it is expected that in
these districts the conditions govern-
ing work in the Pittsburgh district will
be adopted.

THIEVES VISIT FATHER AND SON

JOHN BAKER HAS SOME TOOLS
TAKEN FROM SHOP ON
TUESDAY.

And Father in East Newark Had the
Articles Taken from His
Refrigerator.

Mr. John Baker of the McNamar
Machine works, was called upon by a
young man Tuesday afternoon, and
discovered that when the caller left
the shop he took some of Mr. Baker's
tools with him. Mr. Baker followed
him to the B and O depot and after
a time recovered the tools without
causing the arrest of the man who
claimed that he did not know he took
them—possibly a kleptomaniac.
Mr. Baker's father also had some
experience with thieves. One man
was caught by him Monday evening
while in the act of removing some
cabbages from his refrigerator at his
home on first street. Mr. Baker held
the thief and would have handed him
over to the police had not the fellow
broken away from him. He was fol-
lowed to the public square where Mr.
Baker lost track of him and he was
seen no more.

In the case of the State of Ohio

guilty of forgery and sentenced to the
Mansfield Reformatory for an indefi-
nite term, in which the Circuit court
sustained the judgment of the lower
court on Tuesday afternoon, and
granted a stay of suspension of sen-
tence for 45 days, young Lingafelter
furnished a new bond Tuesday even-
ing in the sum of \$5,000, and was re-
leased from custody. The bond was
signed by Mrs. Harriet Smyers, Mrs.
Henrietta Zeublin and C. C. Beck-
man. The defendant desired a stay

ing error proceedings in the Circuit
court, and fixed the bond at \$5,000
each, the Polishers' Union deposited
the sum of \$10,000 in the Licking
County Bank, and the bond was
signed by W. N. Fulton and E. W.

FOUND LYING IN POOL OF BLOOD

JAMES SHAY BADLY HURT BY A
FALL FROM STAIRWAY ON
WEDNESDAY.

Man Unable to Move Was Found by
the Police and Taken to the
Sanitarium.

James Shay, aged 35, is lying in the
Newark Sanitarium suffering from
severe injuries which may prove to
be serious, as a result of falling head
long from the top of a long stairway
in the rear of the Linehan shoe store
on West Main street. Wednesday
morning.
It was learned that Shay frequent-
ly slept in the room on the second
floor of the West Main street building
where he fell. About 5 o'clock Wed-
nesday morning a police officer pass-
ing the stairway observed the man
lying in blood, apparently helpless,
and groaning frightfully. Upon ex-
amination it was discovered that he
had fallen from the top of the stairs.
Shay stated to the officer that he
thought he fell about 12 o'clock, but
had been too severely hurt to move.
Bowers & Criss Bros. ambulance
took the man to the Sanitarium where
he was examined. One hip was found
to be very badly bruised and there is
a possibility of internal injuries mak-
ing their presence known later.

TWO ARE DEAD TWO INJURED

New York, June 20—Two men
were killed and two injured as the
result of the flooding of a portion of

the Pennsylvania railroad tunnel at
Thirty-third street, and the East Riv-
er this morning. The dead are:
John Krass and James Williams,
the latter a negro, address unknown.
The injured are:
John Grace, 35, of Hoboken, left
knee sprained. David Hall, negro,
aged 31, of New York, left ankle
sprained.
Thirty-five men were at work in
shaft D, which is about 200 feet from
the Manhattan end of the tunnel,
when a leak sprung through the
shield the compressed air not being
strong enough to withstand the force
of mud on the other side. The water
began to flood the shaft and the men
made for the emergency door,
through which all but the two named
escaped. The two dead men were
caught in the mud and drowned de-
spite the efforts of their comrades
to save them. The two injured men
were hurt in the wild scramble to
escape.

KALE IS SAID TO BE IMPROVING NOW

REPORT HAD IT THAT MAN WAS
IN A SERIOUS CONDITION
AT CHILLICOTHE.

Chief Sheridan Recives Letter From
Kale Saying He is Doing
Very Well.

It was reported direct from the
physicians attending Harry Kale, on
Monday, that the young man who was
frightfully cut with a razor in a
quarrel on the night of May 20, in
South Newark, is now suffering from
what is known as an aneurism of the
jugular vein, which practically
means death.

Young Kale was at the Newark
Sanitarium until about ten days ago
when he was discharged and left for
Chillicothe, from whence comes the
report that he is in a dangerous con-
dition from the wound received in
this city. It appears that upon ex-
amination by Dr. B. F. Barnes who
attended him after the trouble, it
was discovered that the knife, or
weapon, with which Kale was cut,
had penetrated the outer coat of the
jugular vein. This weakened that
blood vessel, the report states, so that
it is enlarging at the wound, and a
rupture is inevitable. It is under-
stood that an operation on an
aneurism of the jugular vein is al-
most necessarily fatal, and the most
skilled surgeons hesitate to under-
take to force a restoration of circula-
tion about the jugular vein, where in
cases of other blood vessels not so
closely connected to vital organs it
is possible to operate successfully.

In case young Kale dies, his as-
sailant will be charged with a much
graver crime than cutting with intent
to wound, for which he is now on a
\$500 bond to appear. The assailant
of Kale is named Quincey Sutley,
and he was arrested shortly after the
affair, after being identified by the
unfortunate victim.

Mr. Kale, the victim of the cutting
affray, was employed as a brakeman
for the B. & O. and was stopping over
in this city between runs when the
trouble occurred. Kale claims that
without any provocation the Sutley
man assaulted him. He stated that
Sutley with some other parties,
came up to him and his companion
and asked for some tobacco. Kale
replied that he had none, whereupon
Sutley is said to have remarked,
"Well, you needn't be so smart about
it," and immediately drew the knife,
or razor, cutting him across the side
of the neck.

Kale's home is in Athens where his
parents are living.

Chief of Police James Sheridan
communicated with the authorities at
Chillicothe, regarding the foregoing
report, and on Wednesday received a
letter direct from Mr. Kale himself,
in which he states that his physicians
say he is getting along excellently
and improving rapidly. In his letter
to Chief Sheridan, Kale says that he
is staying at the home of his uncle,
L. J. Phillips, and is feeling well, so
that the first report received in this
city regarding his critical condition
is probably unfounded.

CASE DISMISSED IN POLICE COURT

NO EVIDENCE AGAINST MRS. T.
FOSTER FOR VIOLATION OF
SUNDAY LAW.

Troubles of Hiles Family Were Ex-

Police court was quiet Wednesday
morning with the exception of the
trial of Mrs. Theodosia Foster, who
was charged with violating the Sun-
day ordinance by selling a keg of
beer to three young men at her place
in East Newark on Sunday, June 17.
The case was dismissed for want of
evidence.

Besides this case the troubles of
the Hiles family and a neighbor
named George Ehrman were exploit-
ed before Mayor McCleery. Ehr-
man was charged with assaulting
Norris Hiles, son of Mrs. Emma
Hiles, who filed the affidavit. The
trouble originated over a dog and be-
fore reaching a climax had involved
the entire membership of both the
Hiles and Ehrman families and a
goodly share of the neighbors.

George Ehrman, the assailant of
the boy, was given \$1 and costs.

FR. O'BOYLAN'S SERMON.

V. Rev. B. M. O'Boylan has just re-
ceived the following note from Hon.
Edward Kibler which explains itself.
"In the absence of my father, who
is president of the Licking County
Bar Association, I wish to thank you
for the masterly sermon which you
delivered Sunday at the Daugherty
funeral.

"Your estimate of Mr. Daugherty's
life and character was so manifestly
just, impartial and noble that all the
members of the bar were greatly
touched and impressed by it.
"Very truly yours,
"EDWARD KIBLER."
